

Stetser Elementary - Parent Involvement Policy

A partnership between Stetser Elementary and our families is crucial for the success of our children. In order to support this relationship we will:

- Involve parents in the planning, review, and implementation of our Parent Involvement Policy
- Provide a safe and supportive learning environment for your child to learn and grow
- Offer high quality instruction designed to support high levels of achievement
- Recruit parents to take an active role in all school planning including development and review of our School Improvement Plan, review of school climate data and the development of appropriate plans, and planning meaningful programming to meet the needs of our families as determined by parent surveys.
- Develop opportunities for parent involvement to meet the needs/schedules of our families
- Communicate to families on a regular basis to include school events and programs, opportunities for workshops, and family community service
- Offer multiple methods of communication to update parents on student progress including frequent communication through notes, phone calls, progress reports, or email, and offering face to face opportunities for parent/teacher conferences
- Offer a mechanism for parents to offer suggestions for improvement or ideas for consideration
- Make sure parents are greeted in a welcoming manner and receive responses to questions or concerns in a timely manner
- Involve parents in the development and distribution of a Parent Satisfaction Survey, the analysis of the results, and the implementation of suggestions for improvement
- Solicit from parents ideas/suggestions for workshops around topics that are relevant to their needs
- Update parents on a regular basis regarding curriculum, instructional practices, and the success of Stetser students as a whole
